

Лабораторная работа №10

Операционные системы

Савкин Д. В.

02 сентября 2026

Российский университет дружбы народов, Москва, Россия

Информация

- Савкин Дмитрий Вадимович
- РУДН, группа НПИбд-02-25
- Тема: редактор vi

Цель работы

- Получение практических навыков работы с текстовым редактором vi

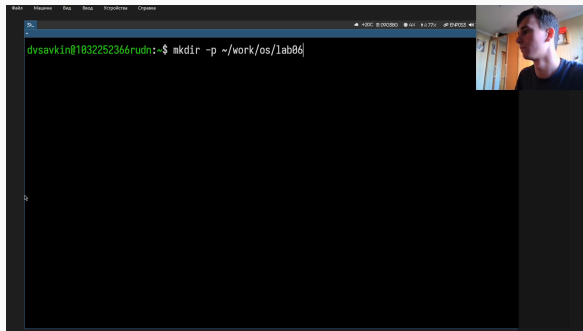

Задание

Задание

- Создать файл `hello.sh` в `vi` с `bash`-скриптом
- Отредактировать: замена, вставка, удаление строки, отмена, сохранение

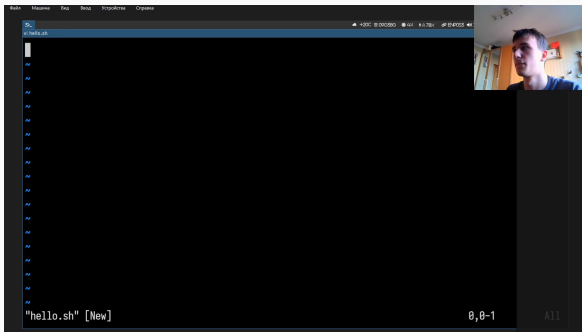

Выполнение работы

Создаём каталог и переходим в него.

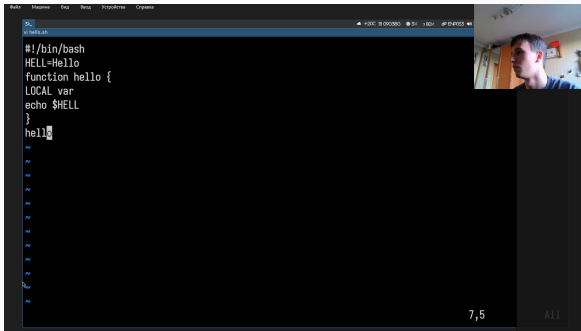

Новый файл

Открываем новый файл: `vi hello.sh`.

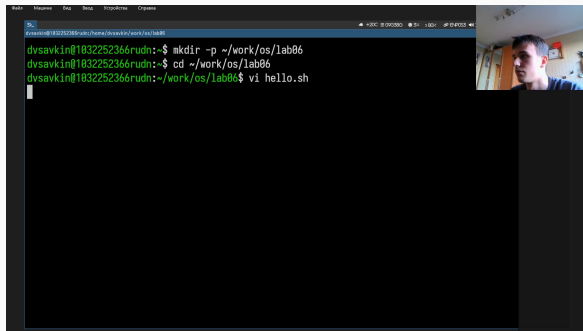

Переходим в режим вставки, вводим текст скрипта.

```
#!/bin/bash
HELL=Hello
function hello {
  LOCAL var
  echo $HELL
}
hello
```

7,5 All

Сохраняем и выходим: `:wq`.

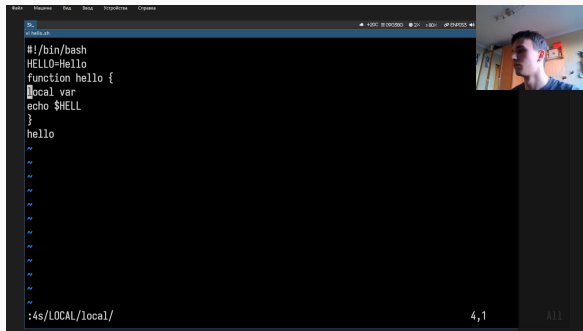

The screenshot shows a terminal window with the following commands and output:

```
dvsavkin@1032252366rudn:~$ mkdir -p ~/work/os/lab06
dvsavkin@1032252366rudn:~$ cd ~/work/os/lab06
dvsavkin@1032252366rudn:~/work/os/lab06$ vi hello.sh
```

The terminal window has a dark background with green text. A small video inset in the top right corner shows a person's face. The terminal title bar indicates the user is 'dvsavkin' and the current directory is '~/work/os/lab06'.

Делаем файл исполняемым, проверяем `chmod +x`, `cat`.

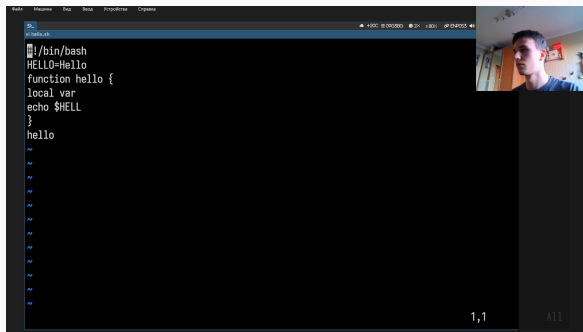

The screenshot shows a terminal window with a dark background and light blue text. The terminal content is as follows:

```
#!/bin/bash
HELLO=Hello
function hello {
  local var
  echo $HELL
}
hello
```

Below the function definition, there are several lines of tilde characters (~) representing a scrollable history. At the bottom of the terminal, the prompt is `:4s/LOCAL/local/`. In the bottom right corner of the terminal window, the text `4,1` and `All` are visible. To the right of the terminal window, there is a small video feed showing a man's face.

Повторное открытие

Снова открываем файл: `vi hello.sh`.

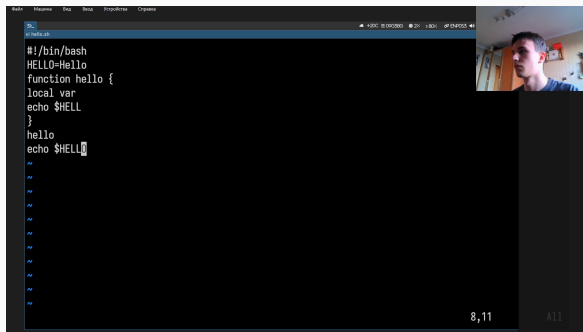

The screenshot shows a terminal window with a dark background. The title bar at the top reads "vi: hello.sh". The terminal content is as follows:

```
#!/bin/bash
HELLO=Hello
function hello {
  local var
  echo $HELL
}
hello
```

Below the script, there are several lines of blue tilde characters (~). In the bottom right corner of the terminal, the text "1,1" is displayed. To the right of the terminal window, there is a small video feed showing a man with short dark hair, wearing a blue shirt, looking towards the camera.

Вставка строки

Переходим в конец файла, вставляем новую строку.

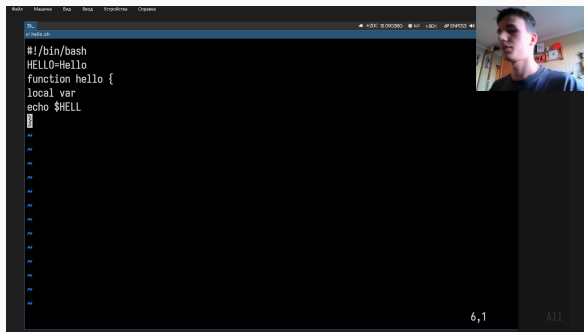

The screenshot shows a terminal window with a dark background and light-colored text. The text in the terminal is as follows:

```
#!/bin/bash
HELLO=Hello
function hello {
  local var
  echo $HELL
}
hello
echo $HELL
```

The cursor is positioned at the end of the last line, ready for input. In the top right corner of the terminal window, there is a small video call inset showing a man's face. At the bottom right of the terminal window, the text "8,11" and "All" are visible.

Удаление строки

Удаляем последнюю строку: dd.

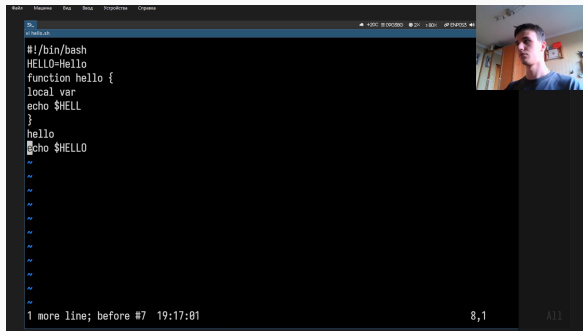

The screenshot shows a terminal window with a dark background. The terminal content is as follows:

```
#!/bin/bash
HELLO=Hello
function hello {
  local var
  echo $HELL
}
```

Below the function definition, there are several lines of blue text, likely representing a video feed or a series of frames. In the bottom right corner of the terminal window, the text "6,1" and "A11" are visible.

Отменяем удаление: `u`.

The screenshot shows a terminal window with a dark background and light blue text. The terminal content is as follows:

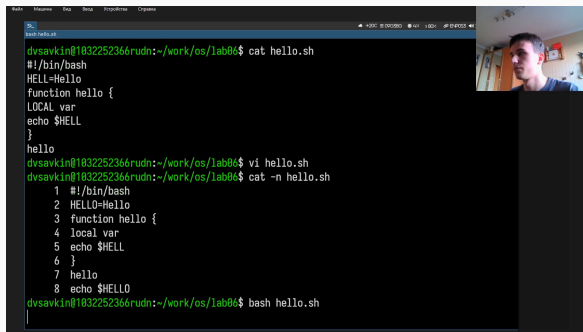

```
#!/bin/bash
HELLO=Hello
function hello {
  local var
  echo $HELL
}
hello
echo $HELLO
```

Below the script, there are several lines of blue tilde characters (~). At the bottom left of the terminal, it says "1 more line; before #7 19:17:01". At the bottom right, it shows "8,1" and "A11".

In the top right corner of the terminal window, there is a small video feed of a man with short dark hair, wearing a dark blue shirt, looking towards the camera.

Сохранение и проверка

Сохраняем :wq, проверяем cat -n, запускаем скрипт.

The screenshot shows a terminal window with a dark background. The user is in a directory `~/work/os/lab06`. The terminal history shows the following commands and output:

```
dvsavkin@1032252366rudn:~/work/os/lab06$ cat hello.sh
#!/bin/bash
HELL=Hello
function hello {
LOCAL var
echo $HELL
}
hello
dvsavkin@1032252366rudn:~/work/os/lab06$ vi hello.sh
dvsavkin@1032252366rudn:~/work/os/lab06$ cat -n hello.sh
 1  #!/bin/bash
 2  HELLO=Hello
 3  function hello {
 4  local var
 5  echo $HELL
 6  }
 7  hello
 8  echo $HELLO
dvsavkin@1032252366rudn:~/work/os/lab06$ bash hello.sh
```

In the top right corner of the terminal window, there is a small video feed showing a man's face.

Выводы

- Освоена работа с vi: режимы вставки и последней строки
- Получены навыки поиска, замены, вставки/удаления строк, отмены действий
